

WANT MORE PAY

Trainmen and Conductors of Santa Fe Make Demands.

Here in Force for Topeka Annual Conference.

BETTER WORKING CONDITIONS

Representatives Here Headed by General Chairman.

New Interpretation of the Present Schedules.

Fifty officers and representatives of the Order of Railway Conductors and the Brotherhood of Railway Trainmen are in Topeka this week to make demands from the management of the Atchafalaya, Topeka & Santa Fe railway relating to the general working conditions of the trainmen on the lines of the Santa Fe. The representatives of the Santa Fe trainmen are in conference with officers of the road with headquarters in Topeka and with E. C. Fox, general manager of the western lines of the Santa Fe.

Although both railway officials and union representatives refuse to go into detail on the nature of the demands from the railway company it is known that the trainmen want new interpretations in the wage schedules which in the end mean that they want more pay from the road. Many of the working conditions if changed will mean increased wages indirectly.

At the head of the trainmen and conductors in their requests for the Santa Fe are two well known general officials of the Brotherhood of Railway Trainmen and the Order of Railway Conductors. They are H. C. Vaughn, general chairman of the O. R. C. and H. M. Sweeney, general chairman of the B. R. T. Both have their headquarters at Kansas City.

The conferences are being held in the top floor of the old general office building of the Santa Fe in Topeka. The Santa Fe is represented by E. C. Fox, general manager of the western lines and the two representatives of C. W. Kouns, general manager of the eastern lines—R. J. Parker, general superintendent at Topeka and H. B. Lantz, assistant to the general manager in this city.

It is not known what attitude the Santa Fe will take in meeting the demands of the trainmen articles. In past conferences it has been customary for the trainmen and conductors to satisfy themselves with only a notation of what was asked. Both sides in the controversies show their best hand—and then they get together on what is left. Sacrifices are made by both parties.

There are thousands of trainmen in the employ of the Santa Fe and all of them will be affected directly by the results of this Topeka conference. Fifty men compose the committee conferring with the three Santa Fe officers. They represent each division of the organization with their general chairman.

The negotiations will last until some time next week or possibly longer. It depends upon how long it will take the representatives to agree on their demands.

TAFT STRONGEST MAN

If He Can't Be Elected No Republican Can, Says His Brother's Paper.

Cincinnati, Feb. 29.—Under the caption "Who Can Win?" the Cincinnati Times-Star, owned by Charles E. Taft, half brother to the president, editorially tells its readers why Mr. Roosevelt is not the logical man to be nominated for president. After referring to the colored as being very popular in 1904, but that "much water has run under the bridge since then," the editorial concludes:

"There is not much chance that Mr. Roosevelt will be nominated for the presidency. If he should be nominated the third term argument would be there to be used against him with increasing effect until it defeated him on election day. Taft, on the other hand, will grow steadily stronger as the attention of the people is focused on the issues under the glaring light of a national campaign. Even today Mr. Taft's enemies in the party have practically nothing concrete to urge against him. They have tried hard for an issue, but in the end they find themselves supporting no principles but men and individuals. The only issue Taft is re-nominated, he will probably be re-elected. If Taft can't be re-elected, it is certain that no other Republican can."

ON SAME BIRTHDAY.

Mother and Daughter Celebrate Anniversary of Both.

Elgin, Ill., Feb. 29.—A double birthday celebration will be held here today and will be unique in that it will be the thirtieth birthday of a mother and the fourth of her daughter.

Mrs. Henry Heidemann is not so young as this would make her appear either. She is 56 years old and her daughter, Anna, is 29. Both were born on February 29.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures People's Complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 31 one-cent stamps to cover cost of wrapping and mailing only, in French cloth binding. Address: Dr. R. V. Pierce, No. 663 Main Street, Buffalo, N. Y.

THE WASHBURN COLLEGE DEBATING TEAM WHICH WILL MEET THE NEBRASKA WESLEYAN DEBATERS IN TOPEKA FRIDAY NIGHT.

The third annual debate between representatives of the Nebraska Wesleyan university of University Place, Neb., and Washburn college will be held in MacVicar chapel Friday evening. The question which will be debated is: "Resolved, That the tariff of the United States should be fixed by a non-partisan board of tariff experts." The Washburn team will take the affirmative side of the question.

GRAND OPERA HERE.

"Herodiade" Will Be Given by French Company Friday.

Graz's French Opera company opens at the Grand, presenting on Friday night, "Herodiade," and on Saturday matinee "Lakme," with "Rigoletto" Saturday night.

This company when it opened in San Francisco, displayed to the delighted auditors a night similar to that of seasons gone by, before the fire, when the Metropolitan forces came to the coast, playing in Los Angeles and San Francisco only. Graz's sinners are just as capable, artistic, dramatic and lyric as those of the Metropolitan, the Boston or the Chicago opera and there is no reason why the music lovers of Topeka should not revel in the operatic beauties of their performances. Hammerstein was wise, he opened his season at the Manhattan with "Herodiade," pronouncing it the greatest opera he had ever heard, and when you consider the number of people turned away, it will be understood why "Herodiade" has since been extensively in demand.

"Herodiade" is in every sense of the word sensational. To begin with, the text is anything but tame and Massenet has allowed none of its possibilities to escape him, but what is greatest in the work is the utter sincerity of the composer and his genius for creating a poetic atmosphere. M. Garrou has been decorated with the Red Ribbon, and is considered one of the great tenors of the French grand opera at the Academy. M. Espas-Carrie will sing "Herod." He has a baritone upon which both nature and culture have lavished themselves. Mme. Valmont as "Salome" finds a part requiring great versatility, a character which she portrays faultlessly. For ten years she has been singing at the Paris Comique and the Paris Grand Opera. M. Collo will be heard as "Phanuel," M. Garand, tenor, will sing the role of "The Voice."

MISS WILSON HELD UP

Marooned by Storm at Daltur; Elks Entertain Her.

Daltur, Feb. 29.—Miss Nellie Wilson, daughter of Governor Wilson, of New Jersey, is encountering adverse circumstances in her journey from north central Mexico to Trenton. First, she was held up in the state of Chihuahua by failure of train service that resulted from activities of bandits. Her second detention took place here, arriving Sunday night she has been held up by storms that prevent the movement of trains. The Elks of the town discovered Miss Wilson's predicament yesterday and last night gave her a dance party. She declares the delay does not bother her, Miss Wilson expects to be on her way to New Jersey tomorrow.

SNEED JURY HANGS.

A Failure to Agree Is Followed by Its Discharge.

Fort Worth, Feb. 29.—Standing seven for acquittal and five for conviction the jury which tried John Beal Sneed for the murder of Captain A. G. Boyce, the aged Panhandle cattle king, was discharged today after a three-day trial.

Sneed, a wealthy banker of Amarillo, believed Captain Boyce had tried to assist his son, in abducting Mrs. Sneed and shot Captain Boyce at a Fort Worth hotel.

The jury was out 112 hours.

The Washburn team will be composed of Samuel Leger, Glenn Logan and Rolla Harger. Samuel Leger, the captain of the team, was a member of the team that defeated Baker university in 1911 and is one of Washburn's foremost students in oratory and debate. Logan has had considerable experience in high school debating, and is a very fluent and easy talker. Harger has made a reputation for himself in inter-society debating by the sound logic of his argument.

Nebraska Wesleyan will be represented by Clarence Davis, Dwight Griswold and Weldon Crossland. Nebraska Wesleyan has won for itself a good record in forensic work and a close contest is looked for. C. A. Dykstra, W. L. Burdick and Dean Blackman, all of Kansas university, will judge the contest.

Miss Valmont, Soprano in Herodiade. Massenet Grand Opera at the Grand Friday Night.

STALLED IN SNOW.

Santa Fe Must Feed and Amuse Passengers of Four Through Trains.

Chicago, Feb. 29.—The Santa Fe railroad, it was learned today, has on its hands the job of providing food and amusement for the passengers of four of its big coast trains which are stalled by snow along its line in Kansas. Many Chicagoans are on these trains.

One of the trains, the California Limited, was due in Chicago on Monday. It was admitted by officials of the road today that the passengers might reach Chicago Friday "if they are lucky."

No definite information as to the exact location of the trains was obtainable at the Santa offices. It was said one train was reported in the neighborhood of Newton, Kan., and another near Dodge City, Kan. All four trains have been tied up since the blizzard swept the Kansas plains last Sunday.

SUPPLY AND DEMAND

They Alone Figured in Price of Beef, Says Sulzberger.

Chicago, Feb. 29.—Attorney John S. Miller continued the cross examination of Ferdinand Sulzberger, president of the Sulzberger & Sons company, when the packers' trial was resumed today. Witness said the selling price of meat was determined by the law of supply and demand, that the test cost and margin system used by the packers had no direct effect on the selling price and that the selling price of the same grade of beef often differed on the same day at different branch houses of the same company in the same city.

This, he said, could not be avoided because of the peculiar nature of the dressed beef business.

Attorney Miller attempted to show by the witness that the percentage of profit earned by the packers on the actual money invested in the business was not exorbitant, but the court sustained an objection by the government.

WEDS, SAVES \$75,000

Charles Corbin Recovers Part of Father's Legacy by Marriage.

Mansfield, Mass., Feb. 29.—Charles Corbin, son of the late multimillionaire founder of the hardware trust, Philip Corbin, came forth from his long exile today as a married man. Mrs. Mona Babitt, it was purely a love match, friends of the couple say, but incidentally by presenting the marriage certificate to Judge Gaffney at New Britain, Corbin will not receive the income from \$75,000 instead of \$75,000. The elder Corbin left several millions but only \$75,000 went to his spendthrift son, with another \$75,000 set aside for him if he married and settled down before January 1 of next year.

Several hundred persons gathered at the home of Mr. and Mrs. Prince Drew, the bride's parents, to get a glimpse of "Charles" Corbin, whom many have not seen since his father exiled him to Martha's Vineyard. It is years ago, after a wild career had caused his first wife to divorce him and his father to lose all confidence in him. Corbin appeared today a florid faced man, about thirty-five, with scanty gray hair. When asked for a statement he would only say that he and Corbin's daughter, Minnie, lives in Hartford, the wife of George Kohn, a wealthy jeweler, and their son, known throughout the state as "Pete," driver of a \$15,000 racing car, has private apartments in New Britain. He was one of the few witnesses at the ceremony.

WIFE IN THE PLOT.

Planned Murder of Her Husband at Oklahoma City.

Oklahoma City, Okla., Feb. 29.—Jesse K. Mackey, for whose sake Thomas J. Gentry, a prominent citizen of Oklahoma City, was murdered in his home several months ago, on the witness stand here turned state evidence and related details of a gruesome plot by Gentry's wife and Mauriced Weightman, brother-in-law of the murdered man. Mackey swore that both Gentry's wife and Weightman wanted to do the "job" and that they drew straws to determine who should have the privilege of killing Gentry.

Mackey said he met Mrs. Gentry and Weightman the evening of the murder and the three went over the final details. They went to the Gentry home where Gentry was killed in his library. Mrs. Gentry secured possession of her husband's demands in order to make it appear that he had been killed for the purpose of robbery. Immediately after the murder Mackey and Mrs. Gentry went to a local hotel where they were joined shortly afterward by Weightman, who exclaimed as he came into the room: "You thought I would turn rabbit, didn't you, but I didn't."

WASHBURN NEWS.

The Washburn basketball team will play the William Jewell team this evening at the Thomas gymnasium. As a curtain raiser a game will be played between the freshmen and sophomore girls teams. The first game will start at 7:30 and will be immediately followed by the varsity game.

William Jewell and Washburn have met once before this season and the Missouri boys won by a score of 20 to 16. In the first half Washburn led 15 to 14, but failed to score a single point the second period, while William Jewell added six to their credit. It should be remembered also that Washburn was away from home on a hard trip.

Tonight will finish what has been a disastrous season for Washburn in basketball. Starting with an last year's team, which had tied Baker for the Kansas championship, prospects were bright for an all victorious and state champion team. But for some reason or other the team has played erratically, rarely showing its promised form and has finishing a losing season.

William Jewell comes with a record of ten consecutive victories, but Washburn will endeavor to pull down the big end of the score, notwithstanding the fact that the team is badly crippled. Captain Smiley and Bishop are both sick and will be unable to play. Janney has also been sick, but will start the game. Coach Driver gave out the following lineup to start the game: Forwards, Crumline and McNeish; center, Chaney; guards, Janney and Trobert.

The girls' game, which will be played as a curtain raiser, is the first of a series of three games between the freshmen and sophomores for the class championship and is the first girls' game to be played in the gymnasium this year. The other two games will be played soon.

Besides a trip to St. Louis, it is probable that the Washburn football team will go to Denver, Colo., for a game with Denver university.

"We have been offered a liberal guarantee for this game," said Manager Driver, "and it is quite probable that we will accept. The different Colorado schools are endeavoring to secure games with eastern schools. Baker has two games scheduled with Colorado teams and K. S. A. C. one."

The Washburn schedule is being rapidly filled and promises to be a hard one. Besides games with Washington university at St. Louis and Denver university at Denver, there are games with Kansas university, Oklahoma university and the Kansas Aggies. The other dates will probably be filled with Kansas colleges.

Spring football practice at Washburn will start March 9 and continue for three weeks. It will give the Washburn players a chance to learn the new rules and will give Coach Driver a chance to perfect new plays for next fall. Considerable interest is manifested by the student body and because Captain Tomlinson is a leader, that department will seem a strong bunch of candidates for the spring tryout. To stimulate interest among the players several cups will be given at the close of practice for proficiency in punting, goal kicking, tackling and running with the ball.

Washburn baseball practice will start March 9th, or as soon as spring football practice is over. A series of interclass games will be played for the Voorhees trophy. The situation for a varsity baseball team is still up in the air. The athletic board of control has the matter under advisement, but it is not yet settled. It is quite probable that a varsity team will be organized and a short schedule played.

Washburn will open the debating season tomorrow night at the college chapel by a debate with Nebraska Wesleyan college on the question, "Resolved, That the tariff of the United States should be determined by a non-partisan board, constitutionally granted." Nebraska has twice defeated Washburn in debate, but the sons of Ichabod hope to turn the trick tomorrow night. The Washburn team is composed of Samuel Leger, Glenn Logan and Rolla Harger. The judges are Prof. W. L. Burdick, Prof. F. W. Blackman and Professor Dyche, all of Kansas university. After the debate a reception will be held in the library to which the public is invited.

The annual meeting of the Kansas College Prohibition association will be held at Manhattan Friday and Saturday. On Friday business sessions will be held in the morning and afternoon, a banquet at 5:30 and the Saturday afternoon contest at 8 p. m. On Saturday will be reports of officers and committees and election of officers. Twelve colleges have entered orators and seven of these qualified for the contest. Washburn will be represented by Ben Franklin. His oration will be "The Home Defender." The Kansas orator has won the interstate three times and the national contest once.

The Missouri colleges have perfected an organization similar to the Kansas conference among the Kansas colleges. The following schools belong to the conference: William Jewell, Drury, Westminster, Central, Missouri Valley, Missouri Wesleyan, Tarkio, Kirksville, Springfield and Warrensburg.

Danderine

Grows hair and we can prove it

Hair Becomes Soft, Fluffy, Lustrous and Beautiful Immediately After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

A little Danderine now will immediately double the beauty of your hair—No dandruff, no dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and lustrance; the beauty and shimmer of true hair health. Try as you will after application of Danderine, you can't find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its life-producing properties cause the hair to grow abundantly long, strong and beautiful.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that you surely can have beautiful hair and lots of it, if you will just try a little Danderine. Real surprise awaits you.

FEEL SHAKY, HEADACHY, BILIOUS OR CONSTIPATED? TAKE CASCARETS.

Sick headaches! Always trace them to lazy liver, delayed, fermenting food in the bowels or a sluggish stomach. Instead of being thrown out, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, awful throbbing, sickening headache.

Cascarets remove the cause by stimulating the liver, and making the waste move on and out of the bowels. One taken tonight will straighten you out by morning—a 10-cent box means a clear head for months. Don't forget the children.

10 Cents. Never gripe or sicken.

"CASCARETS WORK WHILE YOU SLEEP."
